## Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

## Give It a Trial

Physical Culture for the face. Our new Electric Massage drives away wrinkles and eradicates black-heads from the face. A trial is proof.

## No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Oberdorfer's drug store.

## Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

## The Paris Business College

Is now being organized by Prof. Lippard, of Cincinnati, and will open the first of January. Prof. Lippard has had a large experience in training young men and women for good positions and placing them in same, and every young person possible should enter at the opening. Nothing pays better than a business education. Positions secured for all graduates, and Prof. Lippard has calls for more graduates than he can furnish.

## Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.

COUNTY ATTORNEY T. E. MOORE, JR., has returned from a business trip to the mountains of Kentucky and has entered upon the duties of his office in a conscientious and business-like manner. Mr. Moore is one of the brightest young lawyers in Kentucky, and we feel sure will make a model attorney for the commonwealth. He is a pleasant and agreeable young man, but at the same time is determined. He knows the law, is an officer who appreciates the oath he has taken, and from an interview had with him by the News man, we can say the people can depend on the law being enforced while he represents the Commonwealth. He informed us that every claim against the county would be carefully scrutinized before it is paid, and to let the public know the policy of the County Attorney's office under his administration, he kindly gave out the following for publication:

"The policy of this office will be to correct wrongs, more than to punish, but where punishment is necessary to prevent the violation of the law, then I will go to the limit. The 'blind tigers' in Claysville and Ruckerville must be closed; chicken fighters will be prosecuted to the fullest extent; gaming must cease in Paris and Bourbon county—I mean 'poker games, crap shooting games and all other gaming. This is no idle talk, for I have taken the oath to enforce the law and it will be enforced regardless to who are the violators."

This looks to us to be a good enough tip to those who are knowingly violating the law, for Mr. Moore also said that in cases where indictments were not found he would have warrants issued himself for the law breakers, as he was determined in this matter and proposed to stop the things mentioned above if there was any way to stop it and he believed he knew the way.

A DAY hardly passes but that some church member comes and asks us to pitch into some officer of the law for not doing his duty, or to blast this or that thing. It is always an easy matter for the good church people to find fault with those without the church. If officers of the law should be criticised in the paper for not doing their duty, why should't the professed Christian people be given a dose of their own medicine.

This has been the week of prayer all over the nation, and it has been observed in this city by Union Services at the different churches. We happened in at the services Wednesday night at the First Presbyterian Church, and there were twenty-two persons present, and we are told that not over twenty-five attended the services when held at the Methodist Church. Now, mind you, these were Union Services of five Paris churches, if these good Christian people fail in their duty, which is so apparent, can't even give an hour's time to attend divine services, you must bear with those out in the world for you are setting the example. As long as you are "living in glass houses you should not throw any stones." The religious and moral wave that is now going over the country seems to have left the Paris churches out of its wake.

THE Paris Hospital question has been revived by the ladies and the elaborate spectacular production of "Ginevra" will be given at the Opera House to-night, for the benefit of the Hospital Fund. There is no city in the world more in need of a hospital than Paris, and if space would allow we would prove this assertion beyond any doubt. It is the duty of every citizen of Paris and Bourbon county to encourage the ladies in this great undertaking in every way possible. The best religion in the world is to give with a generous hand to a cause for the good of humanity. Attend the benefit performance for the Paris Hospital to-night.

It has been suggested to us that attention of the officers be called to the drunken negro women that are continually parading our streets and who congregate on the square between Seventh and Eighth streets, and on the latter street, especially on Saturday evening. It is said that the drunken women are getting very obnoxious to the white citizens who are compelled to pass these places to get to their homes. It is getting so it is positively dangerous for a white lady to pass these points named. If such scenes that occur at these places can't be stopped any other way we favor an additional policeman to be appointed to be permanently placed on this beat.
